

Chalk Curriculum - Unit Template Checklist

- ❑ Review terminology to understand options for your unit template

[Click here to review terminology](#)

- ❑ Identify an initial unit template

Ideally you can use existing content from your institution. If you need a sample to start with use this one:

[Click here for a sample unit that uses Understanding by Design](#)

- ❑ Convert unit template into Chalk terminology and provide to Chalk

This template will be used for all your curriculum maps within Chalk including all grade levels and subject areas

- ❑ Complete one full unit within Chalk using the unit template

Be sure to involve key stakeholders in this process such as teachers that will be using the curriculum maps

- ❑ With one full unit created decide on (A) or (B):

A. **Change template:** Provide updates to Chalk and repeat previous step to ensure the new template meets your needs

OR

B. **Keep template:** You're now ready to start creating curriculum maps in Chalk!
